Space collection

designed by Morten Svendsen

The Space dining table is available as a fixed top as well as extendable with a butterfly leaf stored under the tabletop. A stylish, elegant design with smart finger joints at the top of the tapered, solid legs. Available in a wide selection of wooden finishes as well as a variety of hard-wearing laminates in a wide choice of colours.

The matching range of the Space cabinets comes with fronts in the striking Intarsia veneer, straight veneer, and a variety of laminates in a wide choice of colours matching the tabletop. The legs of the cabinets have the same design feature as the table with a solid finger joint at the top of the legs. Doors are with push-release and soft-closing like the drawers.

All cabinets are also beautifully veneered at the back, which means they can be free standing.

Enjoy!
